

SARDAR BHAGWAN SINGH UNIVERSITY ORGANIZED ONE DAY WORKSHOP ON GaitON ANALYSIS SYSTEM

Sardar Bhagwan Singh University, Dehradun organized a workshop on GaitON analysis system for Master in Physiotherapy first-year students on Monday, 01st August. Mr. Siddharth Hans Co-Founder & Product Head of GaitON was present in the workshop as a resource person.

Prof. Maneesh Arora (Dean Students Welfare) and Prof. Reena Kumari (Head of the Department, School of Physiotherapy and Allied Health) welcomed Mr. Siddharth Hans.

Mr. Siddharth Hans enlightened the students about how GaitON system analyzes gait abnormalities. He also mentioned that GaitON system monitored gait changes through muscle imbalances using kinematic graphs and other temporal parameters. Then Mr. Siddharth Hans demonstrated the system in detail. Mr. Siddharth Hans encouraged and wished all the participants for their bright future. The program was coordinated by Prof. Reena Kumari (Head of the Department, School of Physiotherapy and Allied Health). Prof. Arun Mozhi, faculty members, and students were present during the workshop.
